- Low fork height
- Entry height depending on model: 35 or 55 mm
- Suitable for disposable pallets and special pallets
- High-quality tandem rollers
- OPTIONAL: With food grade H1 oil

The BF-L low lift pallet truck

The BF-L low lift pallet truck is ideal for disposable pallets, displays or special pallets. Choose between two load capacities and two fork heights of 35 mm 51 mm. Thanks to the low fork heights, the BF-L low lift pallet truck can easily move into low pallets and move them without any problems.

The Bf-L is available in two capacities. The BF-L1000 lifts up to 1,000 kg and has a minimum fork height of 35 mm. The BF-L1500 lifts 1,500 kg with a minimum fork height of 55 mm.

Roller equipment

The low lift pallet truck is equipped with polyurethane rollers (PU). They are low-noise, abrasion-resistant and have ideal traction.
